EDUCATION

Pratt Institute, M.S. Information Experience Design GPA 3.86	2025
The University of Texas at Austin, B.F.A. Design GPA 3.8	2023

EXPERIENCE

CONTRACT PRODUCT DESIGNER

Rita Co. EdTech Platform	Jul 2026 – Present
Adapting a desktop platform to native iOS across three core experiences: navigation, task and calendar management, and a personalized career progression system; redesigning interaction patterns and components for touch within an established design system, working closely with engineers and designers throughout.	
HuCapital AI-Powered Professional Networking Platform for Creatives	Feb 2026 – Jul 2026
Owned end-to-end design execution from problem definition through high-fidelity delivery; shipped a conference platform supporting 15+ speakers and 200+ attendees, crafting design narratives connecting decisions to user needs and business outcomes.	
The Amplification Project Digital Archive for Art Related to Forced Migration	Feb 2026 – Jul 2026
Evolved a Figma design system with reusable components; partnered closely with engineering to translate research insights into iterative design improvements, cutting page build time 30–40%.	
Sewa International Nonprofit Organization	Jul 2025 – Feb 2026
Owned UX writing, web page design, and modular template creation across digital channels; worked closely with stakeholders, ran A/B tests to refine copy and layouts, and used AI tools to scale production; lifting engagement 30% and efficiency 60%.	

USER EXPERIENCE CONSULTANT, Center for Digital Experiences at Pratt Institute	Aug 2023 – May 2025
---	---------------------

Cooper Hewitt, Smithsonian Design Museum | Accessibility Design

Designed WCAG 2.2-compliant cross-sensory experiences using inclusive design principles; built and tested low- to high-fidelity prototypes that de-risked decisions and communicated intent to stakeholders, serving 8,000+ monthly visitors.

Toyota | Smart City Project

Conducted ethnographic user research to uncover cultural attitudes toward jaywalking and inform strategic design recommendations balancing behavior and policy, including digital pedestrian indicators, smart crosswalks, and an incentivized safety app.

Lumity | EdTech Platform

Led end-to-end design from problem definition through delivery; validated concepts through rapid prototyping and 2 usability testing rounds with 10 users, delivering 40+ screens and 25+ UI components.

CREATIVE DIRECTOR	2020 – 2022
-------------------	-------------

Hook'd Magazine | Fashion and Culture Publication

Implemented foundational processes and editorial systems to scale a fashion publication; directed 80+ cross-functional creatives to craft cohesive visual and verbal narratives across print and digital.

PROJECTS

Magic 8 Ball Desktop App | Claude Code

Built a cross-platform desktop app using Claude Code; implemented 3D ball rendering with Three.js and react-three-fiber, polished animations with Framer Motion, and shipped a production Tauri container from design through deployment.

Interactive Digital Journal PWA | Claude Code

Built a fully responsive journaling PWA through iterative AI-assisted design, from concept and copywriting through interaction design, prototyping, and live deployment on Vercel.

Skincare Chatbot | Conversation Design

Prototyped and usability-tested a conversational product with 12 users; used AI tools for research synthesis and iteration, developing 75+ NLU utterances to improve personalization accuracy.

AWARDS

Marc A. Rosen Merit Scholarship Award Packaging, Identities and Systems Design	2025
Merit Scholarship Pratt Institute	2023 – 2025

SKILLS AND TOOLS

Tools:	Figma, Claude Code, Cursor, Lovable, V0, Relume, Webflow, Framer, Vercel, HTML/CSS/JS, UserTesting, Adobe Creative Suite, VoiceFlow, Google Suite, Notion, Miro, Slack
Skills:	UX/UI Design, Visual Design, Interaction Design, Information Architecture, Design Systems, UX Research, Usability Testing, A/B Testing, AI-Assisted Design, Conversation Design, UX Writing, Accessibility (WCAG 2.2)
