EDUCATION

Pratt Institute, M.S. Information Experience Design | GPA 3.86

2025

The University of Texas at Austin, B.F.A. Design | GPA 3.8

2023

EXPERIENCE

Product Designer, Rita Co. | EdTech Platform

Jul 2026 – Present

Translating existing website experiences into a mobile app, designing responsive and adaptive interfaces across screen sizes within an established component library and design system; evolving system components as needed and using AI-assisted workflows to accelerate iteration and improve design quality.

Product Designer, HuCapital | AI-Powered Professional Networking Platform for Creatives

Feb 2026 – Jul 2026

Owned UX, visual design, and brand storytelling for an early-stage AI-enabled startup; shipped a conference platform supporting 15+ speakers and 200+ attendees, a graphic series documenting cross-disciplinary creative collaboration, and a product video showcasing platform features.

Product Designer, The Amplification Project | Digital Archive for Art Related to Forced Migration

Feb 2026 – Jul 2026

Evolved a Figma design system with reusable components and adapted a live Webflow site for mobile responsiveness; optimized CMS structures to cut page build time by 30–40%.

UX Writer and Content Designer, Sewa International

Jul 2025 – Feb 2026

Boosted engagement 30% across web and social channels through A/B-tested UX copy; built an AI-driven content prompt library improving content production efficiency by 60%.

User Experience Consultant, Center for Digital Experiences at Pratt Institute

Aug 2023 – May 2025

Cooper Hewitt, Smithsonian Design Museum: Designed WCAG 2.2-compliant cross-sensory font tester to make digital art accessible to blind, low-vision, and screen-reader users, delivering 45+ AI-generated audio outputs serving 8,000+ monthly visitors.

Toyota Motor's Smart City Project: Conducted ethnographic user research to uncover cultural attitudes toward jaywalking and inform strategic design recommendations balancing behavior and policy, including digital pedestrian indicators, smart crosswalks, and an incentivized safety app.

Lumity Learning App: Led 0-to-1 redesign improving information architecture, usability, and engagement through 2 usability testing rounds with 10 users; delivered 40+ redesigned screens and 25+ UI components.

Afro Brazil Arts: Led usability study to identify comprehension gaps on the website improving navigation ease by 90%.

Creative Director, Hook'd Magazine

2020 – 2022

Implemented foundational processes and editorial systems to scale a fashion publication making creative spaces more accessible to emerging talent. Directed 80+ cross-functional creatives to craft cohesive visual and verbal narratives across print and digital.

PROJECTS

Magic 8 Ball | Desktop App

Built a cross-platform desktop app using Claude Code; implemented 3D ball rendering with Three.js and react-three-fiber, polished animations with Framer Motion, and shipped a production Tauri container from design through deployment.

Tend | Interactive Digital Journal Built with GenAI

Built a fully responsive journaling PWA through iterative AI-assisted design, from concept and copywriting through interaction design, prototyping, and live deployment.

Skincare Chatbot for The Ordinary

Prototyped and usability-tested a conversational chatbot with 12 users; developed 75+ NLU utterances to improve personalization accuracy and recommendation quality.

AWARDS

Marc A. Rosen Merit Scholarship Award | Packaging, Identities and Systems Design

2025

Merit Scholarship | Pratt Institute

2023 – 2025

SKILLS AND TOOLS

Tools: Figma, Claude Code, Cursor, Lovable, V0, Relume, Webflow, Framer, Vercel, HTML/CSS/JS, UserTesting, Adobe Creative Suite, VoiceFlow, Google Suite, Notion, Miro, Slack

Skills: UX/UI Design, Visual Design, Interaction Design, Information Architecture, Design Systems, UX Research, Usability Testing, A/B Testing, AI-Assisted Design, Conversational Design, UX Writing, Accessibility (WCAG 2.2)
